

2022 Wyandotte County Expungement Fair

The Wyandotte County District Attorney's Office will hold its 4th Annual Expungement Fair on December 14th and 15th, with assistance from Kansas Legal Services. The location will be the Kansas City, Kansas Community College Technical Center, located at 6565 State Avenue. The time will be from 3pm to 7pm.

The prescreening process is now underway. To get started, read the chart below to see if you are eligible for expungement. Then, send an email to DAexpungements@wycokck.org with your name and date of birth to confirm your eligibility. You can also call our office at 913-573-2851 and ask to be prescreened.

Case is Paid Off

The case to be expunged cannot have any unpaid restitution, fines, fees, etc. It is VERY common to be unaware of outstanding court debt, even after release from supervision.

Call the court of conviction to double check your fines!

Waiting Period Has Expired

You must wait a certain number of years since the date the sentence was completed (usually the date you finished probation or parole). How long depends on the severity of the crime, and is usually 3 or 5 years. For some DUIs, it is 7 or 10 years.

No Registration Requirement

The case to be expunged cannot have a current requirement to register on an offender database. This applies even if you have moved out of state to avoid registering.

No New or Pending Felonies

You cannot have had any new felony convictions within the past two years. You also cannot have any felony charges pending against you.

Expungeable Crime

Under Kansas law, there are certain crimes which cannot be expunged. Generally these are any crimes which involve sexual offenses, children, or murder/manslaughter.
